## SELECTMEN'S REPORT

Again it is time for us to submit our Annual Report to the Town, outlining what has been accomplished during the past year and what we think is required or desirable in 1960 if the present standards of maintenance are to be followed and some progress made. Special considerations should be given by all attending Town Meeting to such items in the Warrant that are intended to accomplish this.

During 1959 the following projects which were approved last year have been carried out, almost to completion:

The alteration to the Fire Station, providing a Meeting Room in the space formerly used to house road equipment, is complete except the painting and a few minor details.

The old Town Dump has been closed and covered and a new site, located just off of Route 89, east of Stoddard, has been acquired by lease. The area is ideal for the purpose and large enough to meet the needs of the Town for several years.

Our road program, construction and maintenance, made good progress until the heavy rain storm of October 24 caused damage estimated to be about \$5,000. While the State will reimburse the Town for a portion of the cost of repairs there will still be a sizeable balance which the Town will have to assume.

The same storm that caused the damage to our roads also washed mud and silt into the water hole at Stoddard Center, disturbing some of the culverts and reducing the capacity of the hole to a point where repairs will have to be made as soon as possible.

The road grader, purchased several years ago for use by the Highway Department, is now worn out and must be replaced without delay if necessary road work is to be carried out.

During the year the Town has taken advantage of the opportunity to purchase useful surplus government equipment through Civil Defense and at a great saving in cost. We are again including an item in the Budget covering a moderate appropriation for the purpose.

The number of camps and cottages which have been built in our new Developments during the past two years, together with the probability of future structures of the same type, has raised the question of the advisability of establishing some kind of a minimum building code for the Town. Properly constructed buildings, with adequate distances between them and other buildings, would minimize fire and other hazards.

For a number of years your Selectmen have been concerned about the mounting cost of getting out the Annual Town Report and have tried to reduce its contents to a minimum. One of the major items of cost that might be considered for reduction is the Inventory of Polls and Ratable Property - generally referred to as the Tax List - which takes up twenty-eight pages in the current Report and will take more pages in the Report of 1960. The printer advises us that over \$200 could have been saved this year if the Inventory had been omitted. Many Towns do not print the Inventory at all and other Towns only at intervals. We strongly recommend that Stoddard print the Inventory every five years.

In closing our Report we wish to say that our task of managing the Town's affairs is made much easier by the cooperation we receive from our citizens and summer residents. We appreciate and extend our thanks for it.

# REPORT OF TRUSTEES OF PUBLIC LIBRARY For Year Ending December 31, 1959

The Trustees are grateful to those who donated the more than 100 books to the library during the year. A place can always be found on our shelves for good current literature.

During the year, with the cooperation and advice of the State Bookmobile Service, we have disposed of over 300 no longer useful books, leaving room for new acquisitions that will help keep the Library up to date and attract patronage.

## REPORT OF TRUSTEES OF TRUST FUNDS

Other than the usual Spring and Summer maintenance work, cleaning up after the Winter season, mowing and cutting brush, furnishing and setting out Memorial Day flowers in all Cemeteries, nothing was done to improve them or the New Cemetery Addition which needs the paths which have been staked out.

One very important step has been taken by the Trustees. The principal of nearly all Funds was withdrawn from the savings banks and re-invested in a common fund approved by the State for investment by Cemetery Trustees. This should measurably increase the annual income over and above the income that has been received from savings bank deposits.

The following is a summary of expenditures during the year:

### Distribution:

New Cemetery and Addition	\$77.60	
Old Cemetery	8.25	
Stevens Cemetery	1.75	
Robb Cemetery	32.50	
Memorial Day Flowers ( <i>all cemeteries</i> )	15.00

## REPORT OF SUPERINTENDENT OF SCHOOLS

*To the School Board and the Citizens of Stoddard:*

It is a pleasure to present my sixth annual report for your consideration.

Enrollment at the Central School as of October 1, 1959 is as follows:

Grade I	5	Grade V	3
Grade II	4	Grade VI	4
Grade III	4	Grade VII	4
Grade IV	3	Grade VIII	1
Total 28			

At this writing, these figures have been reduced due to both temporary and permanent withdrawals. Mrs. Marjorie McMahon continues her fine work at the school, and of course with the reduced number of pupils her teaching is much more effective.

The following information recently received from the State Department of Education may be of interest to you:

The 1958 equalized valuation of Stoddard is \$1, 685,849 making the equalized valuation per pupil \$65,343 the fifth highest in the State.

Stoddard will probably never receive any state foundation aid money as long as the present formula is in force.

In 1950 there were 67 one-room rural schools with 6, 7 or 8 grades under one teacher. Today that number has been reduced to 13.

Tuition pupils this year are:

Keene:	Laura Hoyt	Grade XII
	Anna Hoyt	Grade X
Peterboro:	Lee Edwards	Grade XI
	Keith McMahon	Grade X
Hillsboro-Deering:	Margaret Mansell	Grade XII
	Susan Mansell	Grade X
	Louise St. John	Grade X

Tuition charges for 1959-60 are as follows: Keene \$400, Peterborough \$388, Hillsboro-Deering \$350. For 1960-61 tuition charges will be: Keene \$480, Peterborough \$399, Hillsboro-Deering \$360.

Next year, the actual number of school days that school is in session will be 180; an increase of two over previous years. Days taken for teachers' conventions and institutes will not be counted as school days as heretofore.

It has been a pleasure to work with the School Board, teachers, pupils and citizens of Stoddard and I am grateful to them for their fine cooperation.

Respectfully submitted,  
NORMAN R. HARTFIEL

## PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note:  
58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.  
10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent-minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple —

1. **Before burning, secure a permit from your local forest fire warden — the law requires.**
2. **Be sure to properly supervise your burning.**
3. **Make certain your fire is DEAD OUT before leaving it.**
4. **Don't throw lighted matches, cigars and cigarettes from moving vehicles — use your ash tray.**
5. **Don't burn at home — Use your town dump and save yourself much possible difficulty, both personal and financial.**
